

COMMUNITY REPORT
January 2008

ACCELERATE 2008: HOLD THE DATE, WEDNESDAY, APRIL 30 AT

ONCENTER COMPLEX: The day long program highlights many new features this year that you won't want to miss. CEU credits are available for engineers, architects, and attorneys at many of the workshops. High school students from city and county schools will participate along with adults. They will mount exhibits, present mini-workshops, interview participants, job shadow, and attend keynote speaker presentations. New exhibitors have signed on with environmentally friendly exhibits. Workshops within five tracks will cover topics on clean and renewable energy, technology trends in business, sustainable environment, manufacturing excellence, and business growth. Six organizations are collaborating to make Accelerate an annual successful event. They are: CASE Center at Syracuse University, CNY TDO, Greater Syracuse Chamber of Commerce, MACNY, Syracuse Center of Excellence, and F.O.C.U.S. Let us know if you need more information: 315-448-8732.

CORE GROUP – January 11: The attendance at Core Group sessions continues to grow. We are receiving requests for transcripts or videos after each session from people close by and from those who live far from Syracuse. We need to find a way to use new technology to reach a broader audience on a regular basis. Help, anyone???? The January Core Group focused on Public Power.

NEXT CORE GROUP: Friday, February 8, 2008 @ 7:30 a.m. – 8:45 a.m. on the 7th floor of City Hall Commons, 201 E. Washington St.

“F.O.C.U.S. on BUILDING A SUSTAINABLE COMMUNITY: BACTERIA CONTROL AND ONONDAGA CREEK REVITALIZATION”

Presented by: Sam Sage and Ed Michelenko

EVERYONE IS WELCOME
