F.O.C.U.S. Greater Syracuse Inc. is a citizen driven, not-for-profit organization that taps citizen creativity to bring about change in Central New York by enabling citizens, organizations, and government to work together to enhance the quality of our lives and our economic future.

Each year it produces 12 monthly free public forums on issues such as developing age-friendly neighborhoods, healthy communities and a clean environment and in the process gives citizens the opportunity to meet and share ideas with experts and decision makers.

In addition to that, F.O.C.U.S. through its annual eight-week Citizen's Academy has given more than 400 participants a deeper understanding of the operations and processes of local government. These are just two examples of how F.O.C.U.S. has been at work for nearly 20 years.

You can help shape the future of our community with your contribution.
