

FOCUS Greater Syracuse Inc. is a citizen driven, not-for-profit organization that taps citizen creativity to bring about change in Central New York by enabling citizens, organizations, and government to work together to enhance the quality of our lives and our economic future.

Each year it produces 12 monthly **free public forums** on issues such as developing age-friendly neighborhoods, healthy communities and a clean environment. In that process FOCUS gives citizens the opportunity to meet and share ideas with experts and decision makers.

In addition to that, FOCUS through its annual eight-week **Citizens Academy** has given more than 430 participants a deeper understanding of the operations and processes of local government. These are just two examples of how FOCUS has been at work for 20 years.

You can help shape the future of our community with your contribution
