

**Empowering local
talent through
tech and innovation**

ERIE21 bridges critical workforce development gaps in the local economy by equipping underserved individuals—from 6th grade through adulthood—with the education, skill development, and support needed to thrive in tech careers. Through in-demand skills training, certifications and supportive services, we create transformational career pathways and opportunities for our students.

A Multigenerational Approach to Workforce Development

Youth Program

Provides STEAM education opportunities and career exposure. We prepare students for college and career readiness.

- 1100+ completed various programs
- 350+ enrolled on avg. each year across the program
- 70% program completion
- 100% placement rate for college, military or workforce

College Program

Supports Le Moyne students pursuing majors/minors linked to STEM or innovation with academic and tech-focused programs for career readiness.

- 500+ completed the program
- 100+ enrolled on avg. each year across the program
- 94% program completion
- 100% placement rate

Adult Program

Provides access to certification and training opportunities for nontraditional learners, including unemployed/underemployed adult workers, veterans and new Americans.

- 75 completed the program
- 25 enrolled on avg. each year across the program
- 75% program completion

The ERIE21 Impact

ERIE21 has already made a significant impact, equipping over 1,700+ individuals with the skills to succeed in tech. Through strong partnerships, we're building a steady talent pool, meeting workforce demands, and transforming lives. With continued support, we can expand our reach and strengthen our economy. Join us in building on this momentum.

Overall Program Impact

- 1700+ have completed the program since 2020
- 480 enrolled on average each year across the program
- 95% of graduates remain in NYS

Overall Funding Stats

- 25 partners
- Public funding - \$10 million
- Private funding - \$1.1 million

The Power of Partnerships

Partnerships are the fuel that powers ERIE21 to increasingly new heights. Our partners are more than funders; they are advisers, industry experts, and potential employers.

Partnering with ERIE21 provides companies with access to a diverse, skilled talent pool. It strengthens corporate social responsibility efforts, enhances community engagement, and positions companies as leaders in workforce development.
